

THE INTERNATIONAL DISTRICT COMMUNITY CENTER PRESENTS...

Dear Future Community Partner,

What happens when a community center becomes the rhythm of a neighborhood?

Picture this: A 12-year-old child who's been bouncing between foster homes finally finds her rhythm in an afternoon dance class. A grandmother, struggling with language barriers, discovers connection and confidence in a language immersion class. Or think of a father, once burdened by financial uncertainty, now on his way to his dream of homeownership with the tools he learned to save and build credit.

The International District Community Center isn't just a place in our neighborhood; it is the heartbeat where positive change happens every day. Where kids don't just learn, they realize they're unstoppable. Where families don't just survive, they find their power. Where neighbors don't just become family, they become each other's fiercest champions.

On Saturday, Sept. 6, we're turning up the volume on hope with the inaugural I Music Fest at 3919 Lafayette Road from 1 - 8 p.m. But here's the real story: every chord struck, every lyric sung and every smile shared will be fueled by sponsors like you who understand that investing in community is good business and good humanity.

Walk through the Center's doors and you'll see community in its truest form: the words of our neighbors captured in three languages because every story matters. It's not just decoration. It's dedication made visible.

Your sponsorship isn't just a logo on a banner. It's an investment in transformation. When you partner with I Music Fest, you're funding more than an event; you're writing someone's future story. You're funding the after-school program that keeps kids safe and inspired. You're supporting the job training that helps parents build better futures. You're investing in the community events that prove this neighborhood isn't just surviving, it's thriving.

What do you get in return? A connection with thousands of people who will remember that your support helped create a lasting, positive impact. Brand visibility that isn't just seen, it's felt. The kind of goodwill that money can't buy but sponsorship can earn.

The enclosed opportunities show exactly how your investment transforms lives and elevates your brand. But the real return on investment? Walking through our doors in five years and seeing a community that's stronger, prouder and more connected because you believed in us when it mattered most.

Ready to turn up the volume on community impact? Let's make some beautiful music together.

Thank you for your consideration,
